

COMMONWEALTH OF VIRGINIA
DEPARTMENT OF ENVIRONMENTAL QUALITY
TECHNICAL MEMORANDUM

SUBJECT: Solid Waste Groundwater Document Submissions

TO: Solid Waste Landfill Owner/Operators

FROM: Debra Miller *DM*
Office of Solid Waste

COPY: Regional Waste Program Managers
Groundwater Program Coordinator

DATE: January 17, 2008

SUMMARY

On May 1, 2007, the Department of Environmental Quality's (DEQ's) Waste Division underwent re-organization. The program was delegated to the DEQ's Regional Offices and the day to day management of the solid waste groundwater program was transferred from the Waste Division's Office of Solid Waste (OSW) to the seven DEQ Regional Offices under their respective Waste Program Managers. However, even with this transfer, the OSW's Groundwater Program Coordinator still maintains peer review responsibilities for some of the groundwater program functions and the technical staff of the Office of Waste Technical Support (OWTS) still provides comments on statistical and risk assessment related submissions. In order to complete internal submission reviews in as timely a manner as possible; DEQ requests that the Landfill Permittee, or his/her representative, send the original groundwater related submissions to the Regional Office and a copy to the Central Office.

Regional Office submissions should be addressed to the appropriate Regional Waste Program Manager, the address and information for which can be found at the following location www.deq.virginia.gov/regions/homepage.html.

Copies of submissions should be sent to the following CO contact:

Groundwater Program Coordinator
Office of Solid Waste
PO Box 1105
Richmond, VA 23218

The coordinator will forward the submission, if needed, to the OWTS if statistical or risk review is required.

Electronic copy:

An electronic copy of this document is available for staff internally on the DEQnet, and for the public on DEQ's website at <http://www.deq.virginia.gov/waste/guidance.html>.

Contact Information:

For questions regarding the application of this procedure, please contact Geoff Christe, Office of Solid Waste, (804) 698-4283; gxchrste@deq.virginia.gov.
